Dassault Systèmes Delmia Corp.

Bio

Conrad Leiva:

Mr. Leiva graduated from Georgia Tech with an MS in Industrial Eng. in 1986 and started his career in Aerospace and Defense at McDonnell Douglas in Southern California. Conrad is currently VP of Product Marketing at iBASEt.

Over the last thirteen years at iBASEt, Conrad has had the opportunity to work on reengineering procedures for the paperless shop floor with multiple Aerospace and Defense companies including Boeing, General Dynamics, Pratt & Whitney, Sikorsky, Gulfstream, BWX Technologies and Portsmouth Naval Shipyard. He continues to work with end-users, as well as partner software companies, on optimizing the information flow between Engineering, Quality Assurance, and Operations.
